

# GENERAL PRESENTATION

## WHO WE ARE

We present ourselves on the market as an international organization specializing in real estate intermediation understood as a "turnkey" support and consulting activity for real estate investment opportunities both in Romania, Italy, and abroad.

We offer a complete real estate brokerage service to investors – Romanian, Italian, and/or foreign, real estate/landowners located in Romania, Italy, Europe, or the United States, thanks to industry experts, trusted professionals, and its international structure.

We can assist our clients in real estate transactions by providing them with professional competence, thus helping them establish successful negotiations with the parties involved. In addition to acting as an intermediary and preparing all the necessary documents, we also assist our clients in drafting and managing leases.

- Consulting on market trends and up-to-date regulations
- Assistance and advice during the process of buying/renting the property
- Assistance in resolving real estate disputes
